

UCLan Cyprus
STUDENT ACCOMMODATION

The Student's Nest

The Student's Nest is one of the most desirable developments in the district of Larnaka, as it is the first purpose-built complex for university accommodation that offers an exclusive on-campus stay. Situated in Pyla, Student's Nest is a minute's walk from the university UCLan Cyprus. Conference participants that will choose to stay at the Student's Nest, in addition to the on-campus facilities and benefits, will enjoy a lot more!

The project is highly sought after for its location, as it is within short distance from Larnaka International Airport and a variety of local amenities, including Blue Flag beaches, restaurants and cafes, supermarkets, shops, pharmacies, banks, and is just 10 minutes away from the vibrant town of Larnaka.

It is an ideal base for touring the island, with excellent road connections, which within 30 minutes allow you to travel to either the golden beaches and nightlife of Ayia Napa and Protaras, or the capital of the island, Nicosia.
